

# Republishing a video stream

WCS allows republishing (rebroadcasting) of a video stream to:

- [Another RTMP server](#)
  - [YouTube](#)
  - [Facebook](#)
  - [Wowza](#)
  - [WCS](#)
  - [Azure Media Services](#)
- [Another WCS server via WebRTC](#)
- [Redirecting a stream to a SIP call using /call/inject\\_stream](#)
- [Redirecting an audio file to a SIP call using /call/inject\\_sound](#)
