

Republishing a video stream

WCS allows republishing (rebroadcasting) of a video stream to:

- [Another RTMP server](#)
 - [YouTube](#)
 - [Facebook](#)
 - [Wowza](#)
 - [WCS](#)
 - [Azure Media Services](#)
- [Another WCS server via WebRTC](#)
- [Redirecting a stream to a SIP call using /call/inject_stream](#)
- [Redirecting an audio file to a SIP call using /call/inject_sound](#)
